	NAME	ROLE	TASK	PROGRESS	NOTES (Assigned Personnel Notes)	FEEDBACK (Project Manager Notes)
2	Julian Perry Muñoz	Project Manager	Oversee progress and aid members. Or start unstarted progress.	0% Completion		
3	Miguel Nathan Bartolata	Data Entry & Cleaning Specialist	Input Raw data and format them correctly.	100% Completion	formatting to percentile directly adds extra zeros, have to divide the values by 100 first, formulas were using data from the next column instead of the current one	Resolved and Completed. Currently helping create logical formulas
4	Rojan Gabriel Calipusan	Risk & Compliance Analyst	Creates a formula to assess whether the employees are functional	0% Completion		Currently waiting on calculated metrics
5	Ben Andre Hugue	Pivot Table & Analysis Specialist	Reviews and sums up the findings	25% Completion		Currently waiting on calculated metrics
6	Leighton Enzo Luy	Dashboard Designer	Visual representation of filtered data and significant findings	0% Completion		Contacted to start progress
7	Sean Ashley Maxey	Documentation & Note-Taker	Constructs a narrative and description from the provided tables	0% Completion		Currently waiting on dashboard & Pivot Table completion
8	Vaughn Adi Orquillas	Formula & Logic Specialist	Formulates the logic needed to calculate the neccessary metrics and produce outputs for analysis	50% Completion		Suggested a required output and requested proper data formatting.
9	Kathryn Rae Tio	Quality Assurance & Final Review	Double checks if the system flow, factual evidences, and formulas ar all correct.	25% Completion		Currently aiding me in monitoring the integrity and quality of the data.
